

GERMANY REFUSES TO SIGN THE PROTOCOL OF PEACE

Sharp Reaction in Germany's Attitude Toward Peace Treaty Declared to be Due to Failure of United States Senate to Ratify The Peace Treaty Without Change.

SUPREME COUNCIL SENDS WARNING NOTE AGAINST INCREASED ARMAMENT

Until Two Weeks Ago Majority of Germans Desired Speedy Ratification of Peace Treaty, But Now Resist Indemnity Demands For Sinking of German Fleet.

Refusal Brings About An Embarrassing Situation in World Affairs And Halts Formal Coming of Peace.

PARIS, DECEMBER 3.—(Associated Press)—Germany has decided not to sign the protocol presented to her by the Allies as a condition for putting the peace treaty into effect, the peace conference has been notified.

It was learned today that Kurt von Lersner, head of the German delegation here, called on Secretary du Tasta of the conference Monday, and told him that Germany had made such a decision.

This attitude is taken as confirming reports of a sharp reaction in Germany within the last fortnight. Trained observers of German developments have expressed to members of the peace conference the view that there has been a complete transformation of the situation in Germany, and that it is due to the failure of the United States Senate to ratify the peace treaty.

These observers declare that while the majority of the Germans, before the Senate's adjournment, desired the treaty ratified as quickly as possible, they are now supporting the government's attitude in resisting the demands of the Allies for indemnity for the sinking of the German fleet at Scapa Flow, recompense for which was provided in the protocol.

The supreme council today addressed a note to Germany protesting against the increase of Germany's armament contrary to the provisions of the peace treaty.

GERMANY WANTS CHANGES MADE

PARIS, DECEMBER 3.—(Associated Press)—(Bulletin)—"Germany is willing to sign the protocol putting the peace treaty into effect the moment certain clauses objectionable to her in the protocol are eliminated," Kurt von Lersner, head of the German delegation here told the Associated Press this afternoon.

FIFTY PER CENT. OF THE TRAINS ARE CANCELLED

Business Hours Are Cut Almost In Half.

(By Associated Press)
Chicago, December 3.—Fifty per cent reduction in the number of steam and interurban railway trains, closing of all department stores each week and all theaters one night weekly and limitations of business hours for all stores to 11 a. m. and 3:30 p. m. were among the measures ordered today for conservation of fuel by the Chicago Public Utilities Commission.

Trains on elevated roads are to be reduced to one car except during rush hours. It was said 25 days supply of coal remained here and virtually no coal is being received.

MAY NOT REQUIRE EXTRA MESSAGE

(By Associated Press)
Washington, December 3.—President Wilson will not begin prepara-

tion of his special message on the railroad situation until Director General Hines has conferred with Senator Cummins and Representative Esch, chairman of the Senate and House Inter-State Commerce Committee.

It was intimated the status of the legislation might be such that the President need not address Congress on the subject.

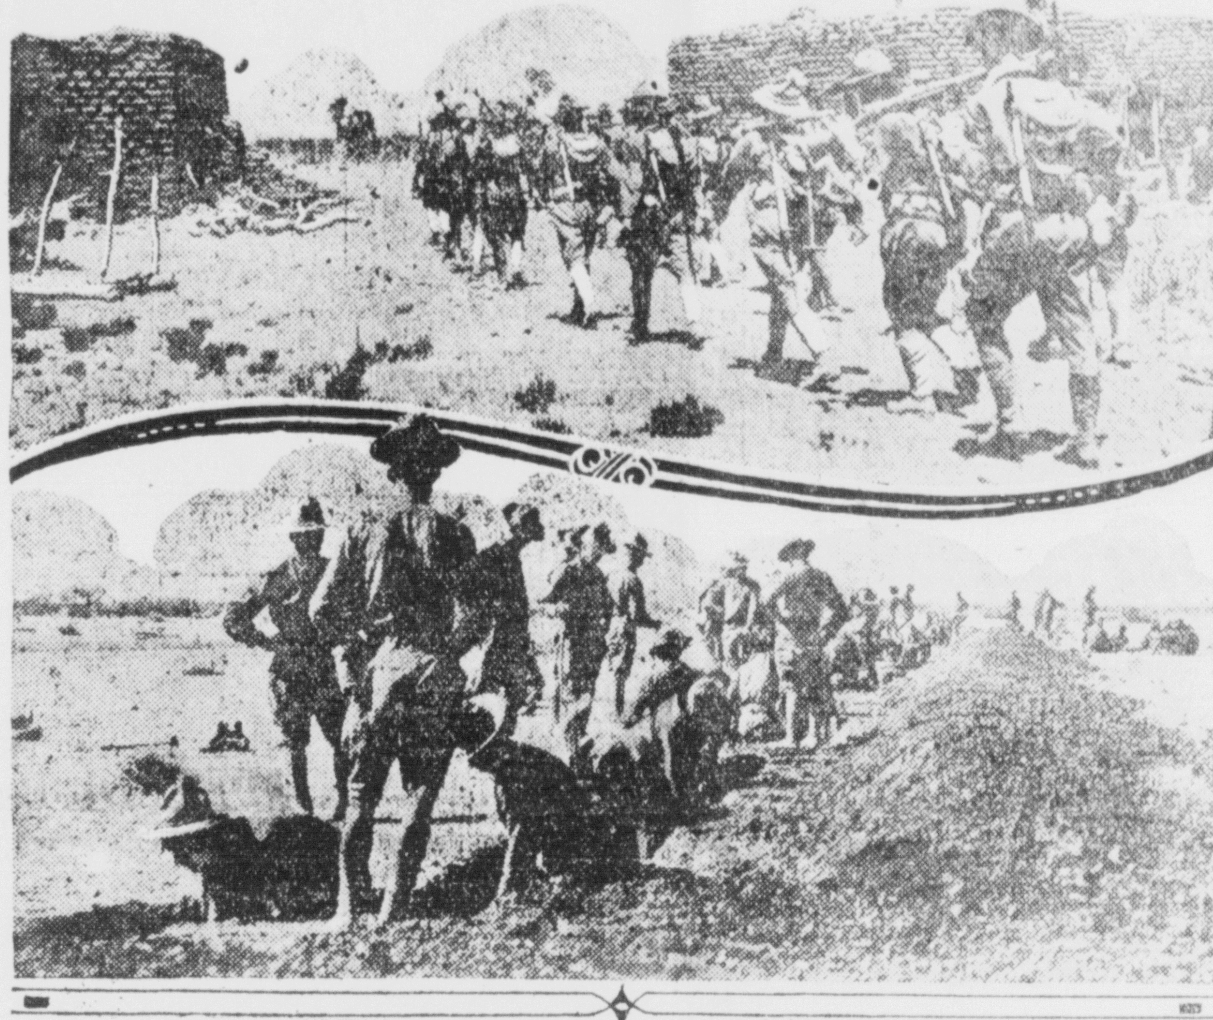

TOLEDO SOON TO GET RETURN OF STREET CARS

(By Associated Press)
Toledo, O., December 3.—Street car service which was discontinued here a month ago when the company took its cars into Michigan, is expected to be restored in the next few days as result of action of the city council today.

The council passed an amendment to the charter ordinance by which the people at the November 4th election ordered the company off the streets.

COSHOCTON — Labor men here will ask Senator Atlee Pomerene and Congressman William Ashbrook to oppose the Cummins bill now before Congress. Twelve hundred letters are now in circulation for signatures.

TROOPS IN READINESS FOR ANOTHER DASH INTO MEXICO

U. S. troops in Mexico at the time of Pershing's punitive expedition.

Relations between Mexico and the United States are strained almost to the breaking point, and many thousands of United States regular troops are stationed along the border in instant readiness for the dash across the international boundary line, should this move be ordered from Washington.

MINERS ARE RETURNING TO OLD JOB

Officials Believe Week Will See Production Sufficient to Pass Danger Point.

More Industries Are Forced To Close.

(By Associated Press)
Washington, December 3.—With reports coming in from scattered points of miners returning to work in large groups, there was a ray of hope in Washington today that the acute stage of the national coal shortage was nearing an end.

Some officials ventured the opinion that by the end of this week, coal production would be increased to the point of safety, but that probably another week would be required before the country as a whole would begin to feel the beneficial effect.

ANNUAL TRAINS IF NECESSARY

(By Associated Press)
Chicago, December 3.—Further disruption of national industry because of the fuel shortage was in prospect today. Regional directors of railroads had authority to annul passenger trains where the public would be least inconvenienced, and many additional manufacturing plants throughout the country faced shutdowns, either through exhaustion of their coal

supplies or the strict rationing decreed by the Federal Fuel Administration. Only in isolated instances were there reports of a change of front on the part of the miners. A slight ray of hope, however, was found in optimistic reports from operators of the district embracing southeastern Kentucky, Tennessee and Virginia, that the backbone of the strike there had been broken.

The West Virginia mines today continued to be the chief producers of soft coal.

CARRANZA GETS POWER TO ACT ON SITUATION

Relations With United States Pronounced "Very Delicate"

Senate At Secret Session Gives Carranza Power.

(By Associated Press)
Mexico City, December 3.—The solution of difficulties arising out of international affairs with the United States were entrusted to President Carranza without legislative intrusion by the Senate at a secret session last night.

Relations with the United States were declared during the session as being "very delicate."

WHARVES BURN LOSS \$750,000

Baltimore, Md., December 3.—A loss of \$750,000 was sustained and one man was burned to death in a fire which destroyed two wharfs of the Canton Lumber Company and six vessels nearby.

REPEAL OF NEW HEALTH LAW COMING

Opposition To Hughes Health Law is So Great Solons Plan To Repeal It.

Income Tax Bill is Introduced In Both Houses.

(By Associated Press)
Columbus, O., December 3.—The income tax bill was introduced in both Houses of the Legislature this afternoon by the joint taxation committee. It has not been decided whether efforts will be made to pass it before January 1st.

Because of growing opposition among the legislators to the Hughes Health law, it is understood the legislature will repeal it during the present session.

TRAIN BANDIT WILL SURVIVE

(By Associated Press)
Douglas, Wyoming, December 3.—That Wm. Carlisle, the train bandit who is in a local hospital following his capture yesterday, will not die from the effects of the bullet wound in his lung received at the time of his capture was announced today by the attending physician.

Two score more years of prison life or death in the electric chair confronted the bandit today. Just what disposition will be made of him has not been determined.

OFFERS RESOLUTION TO SEVER RELATIONS WITH THE MEXICANS

GAS SUPPLY IS REDUCED

West Virginia Utilities Commission Diverts 2,000,000 Feet Daily.

Report That Ohio Cities Are Affected Is Denied by Commissioner.

(By Associated Press.)

Columbus, O., December 3.—On top of an already acute coal shortage, many northern Ohio cities are facing a big curtailment of their gas supply from West Virginia, as a result of an order of the West Virginia Utilities Commission brought to the attention of Ohio authorities.

If the authority of the West Virginia commission stands, giving the Hope Natural Gas Company the right to divert two million cubic feet of gas a day from northern Ohio to the West Virginia Traction and Electric Company, several cities, including Cleveland, Toledo, Akron, Youngstown, Canton and a score of others would be affected.

Attorney General Price says he will seek an injunction in the federal courts to restrain the action of West Virginia officials curtailing Ohio's supply.

SAYS DOES NOT EFFECT OHIO

(By Associated Press)
Charleston, W. Va., December 3.—The diversion of natural gas from the mains of the Hope Natural Gas Company to the West Virginia Traction and Electric Company, recently ordered by the West Virginia Public Service Commission, would effect Pennsylvania and not Ohio towns, it was stated by Chairman Wiles of the commission.

The amount of gas required, Mr. Wiles explained, would be very small when compared with the company's total supply and would not seriously affect any community.

INVESTIGATION IS AUTHORIZED

(By Associated Press)
Washington, December 3.—Investigation of the Ford-Newberry senatorial election contest from Michigan, was authorized by the Senate which adopted a resolution by Senator Pomerene, democrat of Ohio, providing for the inquiry.

Senator Fall Would Clothe The President With Power To Break With Mexico.

Many Officials Believe Carranza Will Release Jenkins.

(By Associated Press.)

Washington, December 3.—A resolution requesting President Wilson to sever diplomatic relations with Mexico was introduced today by Senator Fall, republican, of New Mexico, chairman of the Senate committee charged with an investigation of the Mexican situation.

State Department officials were marking time today, awaiting word from Mexico City of official delivery of the American note to the Mexican government and subsequent action inspired by it.

In some quarters it was believed Carranza would order the release of Jenkins and prevent a complete break between Mexico and the United States.

ACCUSES MEXICO

Explaining his resolution which also asks that the President withdraw recognition of Carranza, Senator Fall said it was based on evidence which would astound the world.

The resolution was referred to the Foreign Relations Committee.

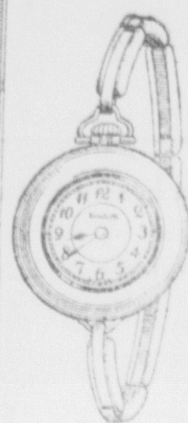

"I charge," said Senator Fall, "that the Mexican Embassy and the consulate general in New York and the consulate general in San Francisco have been actively engaged in distribution of Bolshevism propaganda and that this has been done with the knowledge and consent of Carranza."

WOULD USE ARMY ON THE BORDER

(By Associated Press.)
Washington, December 3.—The Secretary of War would be authorized under a resolution introduced today by Senator Ashurst, democrat, of Arizona, to use the nation's military forces to protect Americans on the American side of the border who are threatened by Mexican outlaws.

OFFICERS WILL FACE CHARGES OF CONTEMPT

(By Associated Press.)
Indianapolis, December 3.—Contempt of court proceedings were to be instituted against all the general officers of the United Mine Workers of America on whom the temporary injunction issued by Judge Anderson of the United States District Court was served, before the end of the day, according to information obtained from an authoritative source.

CONFERENCE OF THE RED CROSS WAS INSPIRING

Prominent Persons From Lake Division Praise The Work in Fayette County.

Many From Outside County Also Attend Conference Held All Day Tuesday.

Fayette county held a prominent place among the Red Cross chapters of the Lake Division, Tuesday, by reason of the all day conference which was held at the Federated Club rooms at the Y. M. C. A. Talented speakers representing the Lake Division of the Red Cross and local men and women offered a program full of inspiration for the work of the coming year. Starting in the forenoon the club rooms were a scene of activity until late in the evening.

In addition to the Fayette Countians the conference was attended by many out of town people interested in hearing such talent as the Fayette chap-

ter was able to offer at the Tuesday session. All were highly complimentary of the achievements of the local chapter.

It was brought out during the discussion that Fayette County has done some of the most notable work, both in war time and in peace time, of any chapter enrolled in the Division.

The all day session was featured by a basket dinner at the noon hour. Those attending brought filled baskets and the women of the Red Cross spread the long table in the dining room with the piles of good things to eat.

Speeches by leaders of the Red Cross in the High School were called for. The boys explained how the money in the Red Cross membership drive had been raised. Superintendent O. S. Nelson, representing the rural and village schools of the county, spoke of the successful carrying on of the membership campaign in the rural districts.

Among others speakers of the noon hour were Mr. Henry Brownell, and Mr. O. K. Probasco.

During the afternoon the schedule was carried out with talks by Red Cross representatives, conference and consultation.

Miss Virginia Wing, of Cleveland, of the Field Department of the Lake Division, spoke of "The Red Cross in Fayette County." She summed up the work to be conducted by the Red Cross in this county in peace time. She pointed out that the Red Cross is here to look after the needy, care for the destitute, watch over the sick, and find employment for those out of work.

Clyde Agne, of Springfield, head of the Clark county recreation department, spoke at some length on "Community Activities." Mr. Agne's long experience in this work made him a full authority on the topic.

C. E. Hall, of the Red Cross, Lake Division, field representative of the Chapter Administration Department in Ohio, talked of "Administration." Mr. Hall stated that while there was not as much enthusiasm in Red Cross work as during the war period the result of the membership campaign was very encouraging and spoke well for the peace time program. The speaker also mentioned warmly the splendid work being done by the local chapter and looked to Fayette county to keep up its notable record.

Mrs. Florence Brown, formerly of the Chicago chapter of the Red Cross, took for her subject, "Ideal Social Service." This is a most important work of the Red Cross and was clearly shown by Mrs. Brown.

Mrs. Helen Burton, another Cleveland woman, explained the "Junior Red Cross Work."

"Child Welfare" was a most appealing topic and was well handled by Mrs. Lucia Johnson of Columbus.

Among the local speakers for the day were Rev. K. B. Alexander who spoke of "Home Missions in Fayette County," Miss Mary Robinson, and Mr. T. H. Craig.

Plans for the drive in the Tuberculosis Christmas Seal Campaign were up for discussion during the session.

Credit for the success of the conference, a red letter day in the history of the Fayette Chapter, is due to the untiring workers who head the organization in this county and to the ready response with which their suggestions are met.

NOTED PREACHER HERE ON SUNDAY

Announcement that Dr. J. Aspinall McCuaig, celebrated preacher and lecturer of New York, will speak in Washington Court House next Sunday will be of interest to many who have heard Mr. McCuaig in other cities of the state.

Three Sunday addresses will be introductory to afternoon and evening lectures. The following week on the general topic of social reconstruction.

Mr. McCuaig comes to Washington Court House in pursuance of a nationwide educational campaign for the strengthening of home and marriage standards menaced by the war. All of his addresses are community lectures—non-sectarian—and free to all.

As educational head of the National Christian League for the Promotion of Purity, university lecturer on eugenics and teacher of right living, Mr. McCuaig enjoys an international reputation.

Of his ministry Dr. Newell Dwight Hillis of Brooklyn says: "Dr. McCuaig has the greatest message of the twentieth century."

Dr. Parkes Cadman says, "A Christian gentleman of high character. He speaks with delicacy, efficiency, skill, religious zeal and spiritual wisdom."

Dr. McCuaig will preach at Grace M. E. Church next Sunday morning and evening. In the afternoon at 3:00 o'clock, he will address men only at the First Presbyterian Church. Each afternoon during the week following he will speak to women only in the Grace Church, (the hour to be announced later.) Each evening at 7:30 he will address the general public.

STORES FILLED WITH VARIETY OF GIFT GOODS

"Shop Early" Means Much To Buyers of Christmas Goods This Year.

Stocks Heavy But Supply Really Limited Because More Not Obtainable.

Washington stores once more are filled with a great variety of gift things, and Christmas shoppers already are thronging the stores and buying liberally of articles suitable for gifts.

And "Shop Early" means more than ever this year, because the early shopper is not going to experience the difficulty in obtaining gift things that the late shopper will, due to the fact that, while local stores are showing large quantities of most desirable gift articles, the supply is really limited because an inexhaustible supply of goods to replenish stocks cannot be obtained.

And a similar condition exists elsewhere, with indications that it will be hard work to find just what is wanted during the final wild rush.

Many people, aware of the conditions which have worked hardships on all merchants for two or three years, and who know the great difficulty in obtaining goods, with the possibility that the coal strike will further cut down the supply because of rail conditions, are doing their Christmas buying now, or have made their purchases.

As usual, it is not necessary to go out side of Washington to find a wide assortment of all kinds of holiday goods, and because of the big assortment, a great many shoppers from all over this part of Ohio are coming to this city and will come during the remaining days before Christmas.

Toys are especially hard to obtain this year, and while the supply is very large in local stores, one dealer expresses the belief that virtually every toy will have been purchased before the final days of rush.

FAYETTE FARM BUREAU NOTES

(By L. H. Goddard, Sec'y.)

This past year for the first time Fayette county farmers sold their wheat crop under federal grading laws. The laws as carried out by the elevators brought about some little criticism. Some of this was due to features in the law which should be amended and some to its execution here.

Since the law is established by act of Congress it will take much time to get it amended. In the meantime it is the law of the land and we must make the best of it, regardless of what we think about it.

This past year the Farm Bureau executive committee arranged to have number of representatives from each township meet with federal and state officials to become familiar with the law, first at a district meeting at Greenfield and then at a special meeting at the county seat. All farmers in the county were invited to the last named meeting.

Next year the Farm Bureau proposes to employ a check weighman and testers for each elevator in the county who shall be on the job during the rush season of wheat selling. Most of the elevators probably gave us good weights and tests. All such will welcome such a check weighman and tester.

Last year owing to the shortage of freight cars the Farm Bureau was disposed to look leniently on the wide difference between the price of wheat here and at the terminal markets. The elevators were taking some little risk with lower grades of wheat which the farmers did not care to store themselves. It has been a little disappointing, however, to learn that elevators in other sections of the country, especially elevators owned by farmers companies, were able to pay about five cents more than we were paid here. The Farm Bureau hopes to remedy this the coming year.

All such plans as the foregoing are dependent on our farmers making the Farm Bureau a strong economic association independent, as is being done in Iowa, Missouri, Illinois, Michigan and Kentucky where the minimum dues from members is ten dollars a year. In Illinois farmers pay ten dollars to the county association and five dollars to the state association.

Fair to good... 8.00 to 9.50	Choice to prime, 1,000 to 1,100 lbs.
Good to choice... 9.50 to 11.00	Choice to prime, 1,000 to 1,100 lbs.

Receipts of cattle at this market for the first two days of the week were estimated at 60,000, with a steady market on fat cattle for good grades and plain kinds a little lower. Top of Monday market was \$20.75 establishing a new record for "market" cattle. The Stock Show is well attended with exhibits as good, or better, than ever before.

Receipts included a good supply of stockers and feeders, with market steady on the real good kinds and 25 cents lower on all other grades. There was a good attendance of buyers, but many who expect to buy are waiting until the middle and latter part of the week to make purchases, preferring to take in the Show the opening days of the week. Prospects are for a big trade at these lower prices, under heavy receipts, before the week is out.

All kinds look to be selling very well worth the money with one of the best supplies of the year on the market and many loads of choice to fancy cattle on the open market in all weights from 500 to 1,100 pounds of Angus, Herefords and Shorthorns that were shipped especially for Show Week by the owners. We would advise buying at once while offerings are so liberal and prices lower on this temporary decline.

Very truly yours,
JOHN J. LAWLER.

The President's Message

The message of President Wilson to Congress gives stern and clear warning of and to the advocates of radicalism and "red doctrines."

There is no mistaking the directness with which the duty of providing for the removal of the causes for present menace, is indicated.

The individuals and the monstrous doctrines of destruction—the application of direct force—they preach are encouraged by the failure of the government to determine speedily many of the vexatious problems which create a feeling of unrest and dissatisfaction.

The failure of the government to arrive at a just and permanent peace, permitting of a return to normal conditions, is correctly cited by the chief executive as one of the primary causes for unrest.

There are numerous other needs for final action pressing on the legislative body, all of which are fundamental and without meeting those needs there can be no final and permanent adjustment of business conditions.

The message is the first one of President Wilson's state papers to be read to Congress by the clerks. Ill health prevented the chief executive from going in person to the hall of Congress and delivering his message.

The document has all the force, all the direct and clear analysis of conditions, causes and remedies that former messages contained. In it is no hint of complaint, no fault-finding and no gloomy forebodings. It is a message as full of optimism as the chaotic conditions will permit.

The political and industrial unrest existing throughout the nation is very correctly characterized as a symptom rather than a cause and that cause is clearly pointed out.

Congress has the power to remove the cause and when it does so, President Wilson makes clear, that present alarming conditions which he does not attempt to minimize will disappear.

Very few thinking patriotic men are, or have been for months, in doubt as to the reason for the chaos existing. The difficulty has been, and is, the failure of those upon whom the people must depend, to discharge their duty.

Lets Support Garfield

We must be patient with Dr. Garfield and support him as loyally as it is possible to do because he represents the government and the government is the people of this nation.

The national fuel administration in attempting to conserve the present supply of soft coal and increase the production by causing, if possible, a return of the miners to work faces a gigantic problem.

It would be easy enough for Dr. Garfield to order increased wage scales for the miners, but he must not only see to it that the operators are justly dealt with, but that no plan is agreed to which will result in higher prices to the consumers.

The settlement of industrial disputes by granting higher wages and increasing prices must stop. War's necessities may have warranted such a course as a temporary cure but the precedent established in war must not be reaffirmed by the government as a peace-time policy.

We confess to a feeling of keen disappointment at the rejuvenation of the war-time conservation plan with all its hardships and the idleness it will cause but it is, possibly, the best means to arrive at the conclusion sought.

While we cannot see the wisdom of Dr. Garfield's order and to us it appears that he has commenced at the wrong end to untangle the snarl, we are going to support him loyally so long as he represents us as a government official.

POETRY FOR TODAY

KINDNESS.

If only all of us were kind
In thought and action, we would find

This world would more of joy, suffice
Than any dreamed-of paradise.
No traveler would find his way
A weary way, no toiler's day
Would end in bitterness or pain
From feeling that it was in vain
No grief could come but it would bring
True sympathy to heal the sting,
And every sorrow would be shrined
In sweetest thoughts, if all were kind.

If only you alone were kind
In thought and action, you would find
Full half the grievances you feel
Are all unfounded and unreal.
For things most beautiful and good
By unkind eyes misunderstood,
Appear so full of base alloy
The gaze misses half their joy.
Full half the happiness you know
From your own heart must overflow
And fill with sweet your life and mind
Or else your world will seem unkind.
—Lee Shippy.

IN MEMORIAM

Minnie Pearl, daughter of Fred and Mary Roseboom, was born January 23, 1891, in the Sugar Creek neighborhood, Fayette county, Ohio. In the early morning of November 24, 1919, she and her little daughter entered their heavenly home together.

As a little child she heard the voice of Jesus saying "Suffer the little children to come unto me, and forbid them not; for such is the kingdom of God," and she a child of seven years of age with her sister, a child of nine, gladly answered His call, uniting with the Sugar Creek Methodist Church. Coming to Washington C. H. she brought her church letter to the First Presbyterian church. Her loyalty to her Savior and her church was shown by her faithful attendance at all the church services unless unavoidably detained, and by her consistent Christian life.

In her business relations, employers and customers alike found her true and faithful to their interests with an unfailing courtesy and kindness.

On June 24, 1917, Minnie Pearl Roseboom was united in marriage to Owen Thomas Hidy, son of Cass Hidy. Choosing his wife's church home as his own church home they founded a Christian home whose clear shining light was a blessing to relatives, friends and acquaintances. Interested in all the church work, they were especially interested in the Sunday School. Should visitors arrive and not care to go with them to the services they were quietly told to make themselves at home until their return for they must go to Sunday School.

Minnie Roseboom Hidy leaves behind many friends and acquaintances. In her immediate family circle she leaves her husband, Owen Hidy; her father and mother, Mr. and Mrs. Fred Roseboom, her sister, Mrs. Owen Barr of Xenia, Ohio, her brother, Glen Roseboom of Washington C. H., Ohio. Her going is keenly felt, because strong and tender ties bound her to us. But while she was with us she lived the life worth while, the life that is greater than death, life eternal as it is in Jesus Christ. Her memory is a joy and an inspiration to all who follow.

Sometime, when all life's lessons have been learned, And the stars for evermore have set, The things which our weak judgment here has spurned—

The things o'er which we grieved with lashes wet, Will flash before us, out of life's dark night.

As stars shine most in deeper tints of blue; And we shall see how all God's plans were right, And how what seemed reproof was love most true.

And we shall see how, while we frown and sigh, God's plans go on as best for you and me;

For when we called, He heeded not our cry, Because his wisdom to the end could see.

And e'en as prudent parents disallow Too much of sweet to craving babyhood, So God, perhaps, is keeping from us new

Life's sweetest things, because it seemeth good.

And if, sometimes, commingled with life's wine, We find the wormwood, and rebel and shrink,

Be sure a wiser hand than yours or mine Pours out this potion for our lips to drink.

And if some friend we love is lying low, Where human kisses cannot reach her face,

O, do not blame the loving Father so, But wear your sorrow with obedient grace.

And you will shortly know that lengthened breath Is not the sweetest gift God sends his friends,

And that, sometimes, the sable pall of death Conceals the fairest boon his love can send.

If we could push ajar the gates of life, And stand within, and all God's workings see,

We could interpret all this doubt and strife, And for this mystery find a key!

But not today. Then be content, poor heart! God's plans, like lilies, pure and white unfold;

We must not tear the close shut leaves apart, Time will reveal the chalice of gold.

And if, through patient toil, we reach the land Where tired feet, with sandals loosed, may rest,

When we shall clearly know and understand, I think that we will say "God knew the best!"

Millions Need Pepto-Mangan

In Many Homes Better Health Is Simply a Matter of Better Blood

Pepto-Mangan Improves Blood

Composed of Approved Blood-Making Elements Put Up in Liquid and Tablet Form.

Are you tired and weak and "blue?" Do you say to yourself, "What's the use of living? What do I get out of life, dragging through this drab existence in this unhappy way?" You don't feel well and you don't know why you have so little energy to do anything, and you get all tired out before it is done. There are millions in busy America that have such feelings now and then and they are to be pitied. But there is help. Unless some serious malady is at the bottom of their trouble, a few weeks of Pepto-Mangan will work a wonderful change. Pepto-Mangan puts new vigor into the blood, and the blood is the life fluid. With plenty of rich, red blood coursing through one's body one is pretty likely to feel good and vigorous and be strong and look hearty.

Go to your druggist and ask for "Gude's Pepto-Mangan." Be sure to say "Gude's." If Gude's is not on the package it is not Pepto-Mangan. It is put up in both liquid and tablet form. Tell the druggist which you prefer. There is no difference in medicinal value.

RANDOM NOTES

SOCIAL : PERSONAL MENTION : CLUBS

Football heroes were never more royally entertained than on Tuesday evening when Mr. Edwin Weaver, member of the Board of Education, tendered a six o'clock dinner at the Cherry Hotel to the football squad and a few privileged guests.

Covers for twenty-eight were laid on the perfectly arranged table in the private dining room of the Cherry. A large basket of chrysanthemums, tied with a bow of blue and white ribbon, the colors of the team, formed the centerpiece and made a simple but most effective decoration. The place cards were very apropos.

Seated with the jovial host were the two teams of football men, Coach Moorehead, Superintendent McClain, Principal Probasco, Mr. Walter Hamilton and Robert Harper. A turkey dinner was served. The boys voted unanimously that it was "some feed."

Coach Moorehead assumed the role of toastmaster and delighted his listeners with some pleasing bits of humor. The first to rise at his call was Principal Probasco who was elected to speak on the subject, "Noise Makes Boys." Mr. Probasco's handling of the subject was a vivid recollection of the days of yesteryear when "the boys made the noise."

David Craig, captain and quarterback of the invincible eleven, was there with the signals and by a clever

manipulation of the figures showed how the scores corresponded with the plays.

Joseph Wilson arose to the toast "Playing the Game." Joe's evasive manner of telling the story as intended was more than rewarded by the good solid talk which he chose to give.

Superintendent William McClain responded to the toast, "Pulling Together." The superintendent asked those who had played their last game in the high school to go out into life with the same winning spirit that had characterized their life on the football field. His use of gridiron terms to illustrate the "game of life" added weight to his words.

In a happy little talk of appreciation Mr. Moorehead, as spokesman of the team, extended the host, Mr. Weaver, kindest thanks for the hospitality and good time. The team joined in with a yell.

The evening was ended by everyone standing and singing one of the high school songs.

The catering was under the management of Charles Rinehart of the Cherry Restaurant.

A five pound box of chocolates presented to the boys by Jimmy Miller was an added compliment.

It was to be regretted that the sudden cold snap and the unusually full program of the day interfered with the attendance at Tuesday night's Browning Club meeting for the program presented by the Art Department, Miss Edith Gardner, Chairman, was of exceptional interest.

There were two delightful papers giving generous information or distinctive subjects of Art interest. Miss Minnie Light treated of "Bayeaux and Goblin Tapestries"—There is only one piece of the historical Bayeaux tapestry now known to be in existence and it is in the Bayeaux Cathedral, highly prized and only displayed on rare occasions. The fact that history claims it was made by Mathilda, wife of Wil-

liam the Conqueror makes it of double interest.

The Goblin Tapestries are nearly all reproduction of famous pictures and were made by Goblin Brothers near Paris. Their marvelous colors have defined the centuries and their values are priceless.

"The Barbizon Painters" that little group founded by a couple of strolling artists who discovered the picturesque village of Barbizon in the forest of Fontainebleau, were most happily pictured by Mrs. Mary Burgett.

Barbizon became known all over the world as an art center and its six famous painters, Millet, Corot, Dupre, Rousseau, Troyon and Jacque, recorded in history as "The Barbizon Painters"—Each followed his distinctive style, the two most famous Millet and Corot, who have been compared by saying Millet was the painter of thistles and Corot of roses.

The Club was indebted to Mr. O. K. Probasco for a splendid talk on "The Palace Versailles" it was Mr. Probasco's privilege to act as official guide during the war. His descriptions were most vivid bringing listeners a mind picture of the wonderful rooms, their paintings, tapestries and magnificent furnishings. Especial interest attached to his description of the Hall of Battles on one side of the great room the painting "The Rise of the French Empire" and on the other "The Decline of the French Empire" and included among the pictures of French battles "The Surrender of Yorktown," with its suggestion of national friendships in General LaFayette and General Washington as prominent figures.

The A. E. F. tried to give both the "boys" and the women war workers every opportunity while on leave and they were shown places of interest denied to the French. Mr. Probasco recounted entertaining incidences and experiences connected with his taking the boys sightseeing.

Mrs. Julia Dahl, President, in the opening business session called the Club's attention to the fact that the Browning Club's day for taking charge of the Red Cross Seal Sale is Friday.

Mrs. W. H. Brown charmingly extended the hospitality of her attractive new home to the Tuesday Kensington Club Tuesday afternoon.

A delicious collation interspersed the afternoon's pleasurable sociability.

Mrs. Frank Porcill charmingly entertained three tables of Bridge Tuesday afternoon.

Chrysanthemums were used in the decorations of the home and Xmas Roses in bud vases graced the tables.

A dainty collation was served at the game's close.

HARTMAN THEATER (Columbus, Ohio)

Under the guiding influence of Arthur Hammerstein, "Somebody's Sweetheart" — listed in theatrical chronicles as just about the biggest musical success that has emanated from the Hammerstein offices — will take possession of the Hartman Theatre, Columbus, Ohio, Monday night, December 8, for a week's engagement. The play, which enjoyed a run that spanned entire season in New York and later duplicated its success with protracted engagements in Boston, Philadelphia and Chicago, comes with "100 per cent cast" that recommended it to New York. The players include William Kent, Louise Allen, John Dunsmore, Eva Fallon, Veronica, Ardelle Cleaves, Howard Marsh, Albert Sackett, Eugene Redding, Royal Cutter, Mabel Taylor, Edith Benjad, Joseph Bernello and others.

Antoinette Bafunho has contributed a whistle-provoking score that embraces "Girl of My Heart," "It Gets Them All," "On Wings of Doubt," "What Shall We sing," "Old Fashioned Wedding," "Follow Me," "Twinkle" and others which have already made themselves known to music lovers through the medium of the cabarets, hotel orchestras and the phonograph.

Alonzo Price has given the cast of "Somebody's Sweetheart" a real libretto with which to work, and his lyrics, almost without exception, are the kind, it is said, which keep the audience crying for more.

Seats go on sale Thursday of this week. The engagement includes matinees on Wednesday and Saturday.

Of the other good things scheduled to appear at the Hartman Theatre

with his wife a few days, spending Wednesday in Bainbridge on business.

Mrs. Bred B. Creamer has been the guest of Mrs. W. J. Galvin in Lima, this week and honor guest at a Bridge party entertained by Mrs. Galvin.

STILL NO WORD FROM CARRANZA

British Subject, Kidnapped By Rebels is Promptly Released On Representations By British Consular Officers.

(By Associated Press)
Washington, December 2.—With much impatience the State Department today awaited word from Mexico City of the release of consular Agent Jenkins from the penitentiary at Puebla, in response to this government's second sharp note to Carranza.

The Department tonight had not been advised of the note's delivery but officials said it probably was presented during the day and that they expected prompt action by the Carranza administration in according to the "requests" of the United States.

The note was forwarded early Sunday and a delayed dispatch from the Mexican capital said the Mexican Foreign Office announced late last night that it had not been received.

A new sidelight on the general Mexican kidnapping situation was given today in a report of the recent capture of Norman Rowe, a British subject, by rebels at Zacatecas, who held him for ransom, but who quickly released him at the instance of the Carranza administration without payment of ransom. Great Britain never recognized the Carranza regime in Mexico.

The British Vice Consul at Zacatecas promptly notified the Mexican authorities and reported the kidnapping to the British Consulate General at Mexico City. Representations were

A COMPROMISE SEEMS TO BE THE ONLY HOPE OF SETTLING THE DISPUTE

quickly made to the Mexican Government and within a few hours the machinery including the military was seeking to rescue Rowe.

TAKE MEASURES TO SAVE COAL

(By Associated Press.)
Washington, December 2.—In carrying out Dr. Garfield's program for the maximum use of local discretion in rationing coal to meet emergencies and constantly changing conditions, the St. Louis regional committee ordered late opening and early closing for retail stores.

In New York, the Tidewater Coal Exchange ordered the cessation of bunker coal supply for foreign vessels. Elsewhere, state and municipal authorities took similar steps to conserve the diminishing coal supplies.

In Congress the situation was given general attention. Senator Johnson, Democrat, South Dakota, introduced a resolution calling on the Secretary of the Treasury to report the actual profits made by the coal operators between 1916 and 1919, a subject much mooted since the Fuel Administration ordered miner's wages increased 14 per cent without allowing an increase in the price of coal.

BLAIR ENTERS NOT GUILTY PLEA

Grand Rapids, Michigan December 2.—Frank W. Blair, of Detroit, who was treasurer of United States Senator Truman H. Newberry's campaign committee, and who swore to the statement that \$167,000 represented the total expenditure in behalf of the Senator in the 1918 election, appeared in Federal Court here today and pleaded not guilty to charges in the indictment brought against 135 prominent Michigan men at the conclusion of the grand jury investigation of the Newberry election. The court accepted his personal recognizance for bail in the sum of \$10,000.

CLEVER TRAIN ROBBER SHOT AND CAPTURED

(By Associated Press)
Douglas Wyo., December 2.—William Carlisle the artful train robber who for three weeks had laughingly defied detectives, was captured today near Glend, Wyoming, after he had been seriously wounded.

The well known bandit, who had secluded himself in a cabin about 18 miles from Douglas, fought desperately the posse which had been in pursuit, until he fell from his wounds.

He was shot through one lung, but doctors believe it will not prove fatal. Suffering from his wound, and humiliated by the extreme cold, Carlisle, when brought to the Douglas hospital, said: "I am glad the chase has ended."

READY TO VOTE ON AUTO TAXES

(By Associated Press.)
Columbus, O., December 3.—The House of Representatives is prepared to vote this afternoon on the graduated auto tax law, the first taxation measure submitted by the joint taxation committee as a part of the general assembly's taxation program.

The prohibition enforcement bills were discussed in both chambers today also, but no progress on either the House bill or Senate bill was reported.

FEDERAL TRADE COMMISSION IS TO BE PROBED

(By Associated Press)
Washington, December 3.—General investigation of the Federal Trade Commission was ordered today by the Senate. Besides inquiry into charges of Senator Watson, republican, of Indiana, that the commission is a hotbed of socialism and bolshevism, the investigators will take up the commission's attitude toward business interests and its general value as a federal agency.

SENATE UNITED IN SATISFACTION

(By Associated Press)
Washington, December 2.—Omission of any direct reference to the peace treaty from President Wilson's message to Congress met with general satisfaction of both Republican and Democrat Senate leaders, who are quite willing to leave the treaty in its pigeon hole until important legislation

HABEAS CORPUS WRIT IS ISSUED

Probate Judge Frank M. Allen Wednesday morning issued a writ of habeas corpus for the release of John Boggs from the Xenia workhouse, the man having been sent to the workhouse by Justice McMahon, of Milledgeville, as result of dire threats alleged to have been made on a man named Allen.

The trouble grew out of the right of a farmer near Milledgeville to use a barn and pasture for his hogs, he having the farm leased until March 1, 1920, and another man questioning his right to permit the hogs on the pasture and in the barn because his lease on the property becomes effective next March.

Further legal steps in the case are said to be imminent.

BETTS WILL GO TO PENITENTIARY

Omer Betts, oft accused automobile thief of Chillicothe, is slated for a term in the Ohio penitentiary.

Tuesday application for a new trial in the Fairfield county common pleas court was overruled and Judge Brooks sentenced him to an indeterminate term in the penitentiary and he will be taken to that institution without delay.

Betts is the man who is alleged to have conducted a "fence" for stolen automobiles in Chillicothe, and who had a number of soldiers and others implicated in the trouble with him.

FORD OVERTURNS OCCUPANTS SAFE

A Ford runabout was badly damaged and the occupants, Mr. and Mrs. C. A. Plank, of Columbus, narrowly escaped injury, about two o'clock Wednesday afternoon when the driver failed to make a successful turn on the Bloomingburg pike, near this city.

Mrs. Plank was driving the Ford which was equipped with an accelerator. When near the turn just this side of the B. & O. tracks on the road to Bloomingburg she attempted to put on the brakes but placed her foot on the accelerator instead. The machine shot over into the ditch and turned over against the fence. Mr. and Mrs. Plank were thrown out by the impact and did not suffer injury. The machine was almost a total wreck.

The wrecked car was brought to this city and Mr. and Mrs. Plank took the train to their home.

VIOLATION OF CONTRACT CHARGED

In common pleas court Mary W. Milikan has filed action in which Scott Campbell is made defendant as result of alleged violation of contract. Plaintiff claims defendant leased some 57 acres owned by her and that he has failed to comply with the conditions

of their written agreement; has removed a pump and two gates from the farm, sub-leased the farm and moved from it, and threatens to haul certain manure from the premises. She asks that he be restrained from moving the manure and for other relief. Hidy and Sanderson for plaintiff.

WILL REBUILD CONNECTING LINK

The link connecting the improved portion of the Bloomingburg and Sedalia pike with the improved road at Sedalia will be constructed during the early part of next year, according to present indications.

The stretch from the end of the paved road at the intersection of the State road, to the Madison-Fayette line is about four miles in length, and passes through Yatesville.

The county engineer has been instructed to prepare plans and specifications for rebuilding the road under state aid, and it will be the next section of road to be improved, outside of the sections the contract for which already has been let.

DRIVE AWAY HEADACHE

Rub Musterole on Forehead and Temples

A headache remedy without the dangers of "headache medicine." Relieves headache and that miserable feeling from colds or congestion. And it acts at once! Musterole is a clean, white ointment, made with oil of mustard. Better than a mustard plaster and does not blister. Used only externally, and in no way can it affect stomach and heart, as some internal medicines do.

Excellent for sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, all pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it often prevents pneumonia). 30c and 60c jars; hospital size \$2.50.

Insist on Genuine Ford Parts

Imitation "Ford" parts are being sold by many mail-order houses, down-town stores and garages to unsuspecting Ford owners as "Ford" parts. But they are not Genuine Ford parts made by the Ford Motor Company. They are made by concerns who have no connection whatsoever with the Ford Motor Company. These imitation parts are not even made from the same grade of steel, or under the same formulas used by the Ford Company. They are counterfeit parts. Tests have shown them to break when the genuine Ford parts didn't even bend, and they generally are from thirty-five to one hundred per cent lower in quality.

The Authorized Ford Dealer is your protection. As such, we handle nothing but the Genuine Ford parts. They are made from the famous Ford Vanadium Steel and each part—according to its use—is heat-treated in the way that will give it the longest wearing qualities. Every part is the same as its duplicate in your Ford car or Ford truck.

Our stock of parts is complete. And our Ford garage and Ford mechanics are at your service at all times. Drive in when replacements or repairs for your Ford car may be necessary. Save your car and also your money.

"Stomach trouble caused her great suffering; gastritis made life miserable; she was nervous, so restless could not sleep; appetite was poor, often did not go to the table at meal times, and her kidneys caused her back and side to swell up, and finally had to go to bed. Several told me the place for her was a hospital, for an operation, but I was afraid she could not stand it. Reading in the paper about Dreco, I got a bottle. Remember before she started on Dreco she had been in bed a month and was nearly helpless.

"To day my wife is out of bed and going all over the place hungry all the time; all the swelling gone from her back and side; not troubled now with the gas or indigestion; sleeps sound all night long and her liver has been thoroughly cleansed, doing away with that drowsy feeling. Dreco acts on the liver; gives strength to weak kidneys; produces a good appetite, induces sound sleep, quiets the nerves and restores the functions of the vital organs.

WASHINGTON HI MADE 260 POINTS TO OPPONENTS 15

When Captain Dave Craig of the Washington High School football team dashed across the Wilmington goal line last Thursday afternoon for the last touchdown of the Washington-Wilmington game, the fortieth touchdown of the season had been scored.

Complete records show that 240 points were scored in the eight games by touchdowns, 4 by safeties and 16 by goals, for a total of 260 points during the season. An average of 32.5 points per game to the opponents average of 2.5 points.

Ten men participated in the scoring. They were led by halfback Rogers with 9 touchdowns. Weaver was a close second with 7. Rief and Craig tied with 6 each. Swartz and Derr tied with 4 each, and Hitchcock, Conner, Cockerill and Wilson came across with one.

Thompson and Perrill, both tackles, shared honors in making a safety in the Wilmington game on November 14, and in the final game Thompson grabbed a Wilmington man for another two points. Sixteen goals were kicked. Weaver led in the booting between the goal posts.

While the Washington boys were running up a high score they were also holding their opponents to almost a minimum in every contest.

But 15 points were scored on the Blue and White machine. Xenia had the honor of putting the first touchdown across against the local boys, on October 4th, when they scored 6 points by a short forward pass. They were next scored against at Wilmington on October 26th, when a place kick netted three more points. The last touchdown to count for an opponent was made by Hillsboro was on November 7th and was the only touchdown made through the Washington line during the season.

The record left by the team gives the squad a right to be classed with the only invincible football team ever boasted by Washington High School. In 1905 the team did not lose a contest but tied one game. In this respect the '19 team has the edge on the team of '05.

HYPO-COD A GRAND TONIC FOR NERVES

This man was weak, nervous and in poor health, but regains Strength

Thousands of people feel draggy, nervous, weak and out of sorts this time of year and eat and sleep poorly, never feel like work and are about "all-in" just like Mr. Smith was who tells below in a few crisp words the quickest, best way to build yourself up strong, well and vigorous again, he said.

"I was in a poor condition of health ever since I had the 'Flu' last winter. I couldn't get to feeling right somehow. I didn't feel like work, didn't feel like sleep and didn't feel like much of anything and there was a sore tight sensation in my chest that bothered me. I had a little cough too at night so when I read where folks here in this city were using Earle's Hypo-Cod with great success for such troubles, I slipped down to the drug store and bought a couple bottles. Since that time I've used four bottles of this medicine and I consider it the equal of any medicine made. That had feeling in my chest is gone. The cough has vanished and my nerves are so good I sleep like a log. It certainly gave me a whole of an appetite too and I can eat most anything I feel like now," declared Mr. C. L. Smith, 317 Findley St., Dayton, O.

Right after any spell of sickness a person should take a couple bottles of Earle's Hypo-Cod at least. It fortifies the system, strengthens the user quickly and wards off complications. It is actually dangerous to go out to work half sick. If in that condition go right down to the drug store for a couple bottles of this ideal tonic.

Earle's Hypo-Cod is sold here by C. S. Haver's and Frank Christopher's drug store and the leading druggists in all nearby towns. Price \$1.25 plus 5c war tax. Advt.

Why So Much Pep In the Old Bus Today?

She's got all the snap of a Yankee Marine! Hits the steep hills with glad chortles of glee! And speedy on pickup and open road, too!

Never saw such a reversal of form. And in cold weather, you'd hardly expect it. She's sure running pretty on

Columbus Gasoline

You're way out of luck if you don't use Columbus these days. It's really good gasoline because it's good real gasoline—par efficiency fuel that makes all automobiles—old and new—run according to Hoyle.

"Starting and acceleration made easy with the first tankful."

That's the Columbus cold weather promise. And Columbus will make good with you, just as it has made good with thousands of other Ohio motorists.

If the engine chokes and your car acts badly, load up with Columbus at one of the dealers listed below.

That's the one sure way to put pep and ambition in sluggish motors.
